2018 BREATHE

BREATHE. THE C3. UK

MARCH 16-17
C3 CENTRE

Every single one of us brings a unique gift and influence into our worlds. Every precious feminine heart has a story that has worth and value in the God story of all time.

As our story unfolds we may begin to wonder at the grace and intrigue which calls us to Himself over and over, to hear the God whisper in our lives. It's time for us to gather and hear His heart for us once more.

*For we each have a part to play:
We each have an influence to nurture.
We are called to be light bearers, colour
creators, season shakers, culture
masters, peace makers, love wearers
and true worshippers.*

WE ARE CALLED TO LEAD

To lead with dignity and strength, with our eyes focussed, our hearts lightened and our hope secure.

We are calling all the brave, those not so brave and the down-right fearful to come and position yourselves to be challenged, inspired, loved on, nurtured and commissioned for the future God has for each one of us.

Love ya!

Angie

She is clothed with strength and dignity and laughs with no fear of the future

THIS YEAR WE'RE SUPPORTING SHINE

'I am unique and valuable and have something to contribute',

'I have inner strength and though life's experiences may influence me they do not define me',

'I have potential and my life has purpose'.

Many attendees find the opportunity for discussion with like-minded women helpful, experiencing a

sense of community and positive, mutual change.

After launching Shine at C3 in 2010 we have seen over 350 women benefit from increasing their self-esteem but feel this is just the start.

The team now plan to take this to the wider community where so many more women will be impacted. To find out more check out the 'Taste of Shine' seminar at Breathe this year.

I've lost count of the number of Breathe conferences I've been to. I'm into double figures for definite. Over that time I've seen Breathe evolve and grow, becoming what you see today. The thing is though, what you see today will not be what you'll see next year or the year after. And that's what I value so much about Breathe. The vision to empower and reach women has not changed but each year something fresh is brought to us. Each year there's a different nuance, a new challenge presented and an opportunity for us to stretch and grow.

When I look back over my journey I can see it's mirrored Breathe's own journey to some degree. I still remember the first Breathe I ever attended. I'd not hugely gone

in for the whole 'women conference thing' before but I quickly realised that Breathe was different from my preconceptions. At that Breathe I received a word which, looking back, can only be described as life-defining. From then on I decided to be all in. To believe that we can achieve more together than apart. To have faith that the future is great for God's daughters and His daughters yet to be.

This vision doesn't belong to 'all the other women', it belongs to you and to me. And our world is crying out for women like you, women like me, who will stand and lead others from darkness into light and be trailblazers for generations to come. That's what Breathe is all about and that's why you need to move heaven and earth to make sure you're there.
